PRICE TWO CENTS

WILL MAKE AFFIDAVIT

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Duncap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life. If any suffering person will use Kodol Dyspepsia Cure, I believe, if it's a diseased stomach from which they suffer, that they will receive permanent relief. Any one wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who is suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone will restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

A SMILE FOR ALL

Seven Thousand People Receive a Pleasant Greeting From President.

BIG DAY AT SAGAMORE

President Roosevelt's Old Friends and Neighbors Turn Out to Get a Handshake.

An Arduous Afternoon's Experience Doesn't Tire the Chief Executive.

Oyster Bay, N. Y., Sept. 16.—President Roosevelt yesterday received his friends and neighbors of Nassau county and between 6,000 and 7,000 people shook his hand. The reception was held at his country home on Sagamore Hill, and from 3 o'clock until nearly 6 he was busy shaking hands and renewing old acquaintances. He met people whom he had not seen for 33 years and shook hands with men who had known him when he was a child. The president thoroughly enjoyed the affair and was as fresh when it was over as when he began. He expressed his feelings to a woman in the crowd who asked him if he was getting tired. "Not a bit," he replied. "It takes more than a trolley car to knock me out on a crowd to tire me."

The weather could not have been more delightful. The decorators did their work thoroughly and when the sun rose yesterday it shone upon a village resplendent with color. Most all the buildings and many of the private houses were adorned with flags and bunting. The most effective decoration was along the road leading from the center of town to the road that winds up Sagamore Hill. Here at a distance of every hundred feet were hung large American flags which formed a canopy of stars and stripes, under which the people rode on their way to Sagamore Hill.

The precautions to guard the president against any possible harm were of the most thorough character. In addition to Sheriff Johnson's 300 special deputies a large number of secret service men and policemen from New York in plain clothes were on the porch and about the grounds. No one was allowed to go past the president with camera or stick of any description. Cameras, valises, canes, umbrellas and in many cases overcoats and women's wraps were taken from their owners and piled up under a tree near the porch. President Roosevelt stood on his porch and shook hands with all. On the porch with the president were Mrs. Roosevelt, Mrs. Wm. Roosevelt, Miss Christine Roosevelt, Miss Lorraine Roosevelt, Mrs. E. Reed Merritt, Frank E. Travis, Assistant Secretary Loeb, Father Powers and Rev. Henry Homer Washburn.

All sorts of people in all condition of life filed by the president. White and black, poor and well-to-do, women with babes in arms and several with dogs, small boys and little girls, all got a pleasant smile and shake of the hand.

Indian Vengeance.

Boston, Sept. 16.—Lieutenant John R. Morris, U. S. N., was found dead in his stateroom on the United States ship Olympia by a fellow officer yesterday. He had committed suicide by shooting with a revolver. The Olympia is anchored off the Boston navy yard. Lieutenant Morris is the second officer of the Olympia, Dewey's flagship, to commit suicide within five days. Chaplain William F. Morrison, U. S. N., committed suicide by shooting on Thursday last at the Marine hospital, Chelsea, where he had been transferred a few days before. Morris was a survivor of the battleship Maine.

Flagship Officer's Suicide.

Boston, Sept. 16.—Lieutenant John R. Morris, U. S. N., was found dead in his stateroom on the United States ship Olympia by a fellow officer yesterday. He had committed suicide by shooting with a revolver. The Olympia is anchored off the Boston navy yard. Lieutenant Morris is the second officer of the Olympia, Dewey's flagship, to commit suicide within five days. Chaplain William F. Morrison, U. S. Tragedy in Putnam County.

Greencastle, Ind., Sept. 16.—George Boswell was shot and instantly killed yesterday by Zack Smithson in the home of the latter, which is in the western edge of this county, and immediately after the killing Smithson drove his family from the house and left. Both had married children and were farmers. The murdered man had been working for Smithson, and there is no cause reported for the killing. Boswell was struck in the head and died immediately.

Important Conference.

Wilkesbarre, Pa., Sept. 16.—Sheriff Jacobs and a large number of deputies assembled at the courthouse at an early hour this morning in anticipation of trouble occurring at some of the mines. But outside of an outbreak at Old Forge, in which an Italian was badly beaten by strikers, the day was a very quiet one in the strike region. An important conference is on at strike headquarters today.

M. Sarafoff's Arrest.

Vienna, Sept. 16.—A telegram has been received from Belgrade, Servia, announcing the arrest of M. Sarafoff, president of the revolutionary Macedonian committee, who has been in hiding for some time past.

Will Work On Other Side.

San Francisco, Sept. 16.—Charles Becker, the king of forgers, who is now in San Quentin prison, has been offered a good position in a Chicago bank when his term of imprisonment shall have expired.

More Pay Wanted.

Chicago, Sept. 16.—Lodges of railroad trainmen and railroad conductors west of a line drawn from Duluth, Minn., south to New Orleans, are voting on a proposition to ask for additional compensation for their services.

DISAGREEMENT

Indiana Free Silver Republicans Much Put Out.

Indianapolis, Sept. 16.—Free silver Republicans, according to Worth Wright of Indianapolis, one of their leaders in the last two campaigns, will not support the Democratic state ticket this year because the platform failed to endorse Bryan and his principles. He estimates that there are at least 20,000 silver Republicans in Indiana. If this is true and they should refuse to vote with the Democrats as during 1896 and 1900, it would cripple the Democrats so they would not have the ghost of a show of polling a winning vote. Wright thinks the majority of the silver Republicans are loyal to the creed of their last two fights. "I would not vote for the Democratic state ticket," said he, "because it would be an endorsement of the separation of the Democrats of Indiana from the platform of the last two campaigns. If the Indiana Democrats had adopted a platform like the one made by Tom Johnson in Ohio it would have been a different matter, but under the present conditions I don't see how the silver Republicans are likely to go to the Democratic state ticket."

Frank L. Jones, state superintendent of public instruction, is sending out a beautifully printed and handsomely illustrated program of arbor day which will be celebrated Oct. 24 this year. The program is largely the work of William H. Freeman, state forester, who recently suggested that farmers plant trees along the roadsides. The following from Governor Durbin's arbor day proclamation is of interest: "In the planting of trees on school grounds it is suggested that, among others, one should be in memory of the late President McKinley and another as a memorial to the late Governor Mount, whose great nature was in harmony with the woods and fields in which he spent the larger part of his honorable life. The people have a vital concern in the propagation of forestry, and I earnestly recommend that arbor day be made an occasion for the further beautifying of public grounds and highways, thus bequeathing to succeeding generations an heritage of immeasurable value."

William Jennings Bryan is to come into Indiana during the next few days and there is much speculation as to whether or not he will talk politics. He is booked for a non-political speech at Greencastle, but politicians generally do not think that the former candidate can enter the state without saying a few things regarding his favorite principles. The Democratic state committee does not intend to invite him to make any speeches, as the platform did not endorse him or his theories, but there are several localities that are still intensely loyal to him, and it would not be surprising if some of them insisted on him doing a little spellbinding before his departure.

A number of organizations are taking advantage of the low rates this week to hold meetings in Indianapolis. The Modern Woodmen of America, the Indiana Society of Opticians, the Indiana Association of Jewelers, and others have prepared to transact business and look at the other attractions. The Woodmen next year will hold the biennial meeting of their head camp in Indianapolis. It is expected that over 200,000 will attend.

SWEEPING ORDER

Union Pacific Strikers at Omaha Restrained By Court.

Omaha, Sept. 16.—Judge McPherson in the federal court yesterday, on application of the Union Pacific railroad company, granted a temporary injunction restraining the striking shopmen of that road from placing pickets about the gates and grounds of the Union Pacific shops. The hearing is set for Sept. 25. The order, which is of a sweeping character, not only restrains the men from stationing pickets in the neighborhood of the Union Pacific shops, but also commands the strikers to refrain from all threats and acts calculated to intimidate or interfere with the employees, agents and officers of the railway company in their duties, or publishing any orders, etc., that will in any way hinder or obstruct the company in the transaction of its business or create any feeling or resentment against the company.

Windward Successful.

New York, Sept. 16.—Herbert L. Bridgman, secretary of the Peary Arctic club, has received a dispatch from Lieutenant R. E. Peary, the Arctic explorer, dated Chateau Bay, Labrador. Lieutenant Peary says in the dispatch that he is on his way home on the relief ship Windward and that all on board are well. The relief ship Windward left New York in July last to find the Peary expedition, and has evidently been successful.

A Vicious Fight.

Fort Erie, Ont., Sept. 16.—Tommy Ryan may be the veteran of the middleweights in the prize ring, but he is still far from a back number. Last night in the arena of the Fort Erie club in a vicious, bruising fight, he knocked out Kid Carter of Brooklyn in the last minute of the sixth round. The knockout was clean and decisive and came chiefly as the result of the superior ringmanship of Ryan.

A Strikeless Victory.

Chicago, Sept. 16.—Another strikeless victory for a labor union was recorded here yesterday when the questions which have been in dispute between the wholesale grocers and their 900 employees were settled. Every contention raised by the men was granted by the employers.

McKinley's Salary.

Washington, Sept. 16.—A treasury warrant for \$29,809 has been forwarded to Mrs. Ida S. McKinley, widow of the late president, for salary which would have been due him on July 1, 1902, the appropriation for which was made at the last session of congress.

Illinois Silver Mine.

Carbondale, Ills., Sept. 16.—August Browning, while blasting out rock for his house in DeZavala creek near Baldwin, Randolph county, struck silver ore running through the rock.

BIG FOREST FIRES

Report's From the Pacific Coast Contain a Growing Death List.

NOT FEWER THAN FIFTY

Widespread Devastation Caused By Fierce Wall of Fire Which Swept All Before It.

Nearly Every Settler In the Stricken District Has Been Bereft of His Home.

Vancouver, Wash., Sept. 16.—The list of fatalities in Clark and Cowlitz counties as a result of the terrible forest fires continues to increase rapidly. Sixteen deaths are reported and people living in the vicinity of the burned district say the list of dead will aggregate fifty. Reports of loss of property continue to come in on every hand, but no reliable estimate of the extent of the damage can be obtained. A report from the Dale settlement east of Bell's Mountain, is to the effect that nearly every settler in that section has been driven from home and his property consumed by the great wall of fire that swept through there.

A Washougal report says that the loss of property in that section is worse than was at first thought. The entire country around and including the Skamaka, Last Chance, Latton and Blue Bird mines, is a smoking ruin, and many people are homeless. Latton's saw mill at Bear Prairie is destroyed, and two other mills back of Fern Prairie are also in ashes.

May Eastham of Vancouver has issued a call for a mass meeting of citizens this evening to devise ways and means to succor the suffering inhabitants of the burned districts of Clark county. Fully one hundred families have been burned out in the vicinity of Elmira, Wash. The loss is estimated at \$200,000.

Many Are Missing.

Kalama, Wash., Sept. 16.—Reports from the stricken districts of Lewis river continue to grow worse. The charred bodies of thirty-eight persons have already been found, and it is believed there will be more to follow. Many settlers and an unknown number of campers from outside points are missing. The burned district was set apart by perhaps 500 persons.

Call for Judicial Republican Convention.

The republicans of the forty-second judicial district of the state of Indiana will meet in delegate convention at Paoli, Ind., on Saturday September 27th, 1902, at 2 o'clock p.m., for the purpose of nominating a republican candidate for prosecuting attorney of said district.

The apportionment of delegates will be the same as that applied to the last republican state convention. Jackson county will be entitled to fourteen delegates and fourteen alternates; Orange county will be entitled to eleven delegates and eleven alternates; Washington county will be entitled to eleven delegates and eleven alternates, making the total number of delegates thirty-six; necessary to a choice, nineteen. By order of

W. H. BURKLEY Chairman Jackson County R. C. C.
J. P. THROOP, Chairman Orange County R. C. C.
LEWIS DENNIS, Chairman Washington County R. C. C.

Convention Dates.

The republican county convention will be held at the court house in Brownstown on Saturday, September 20, 1902, at 11 o'clock a.m.

The judicial convention will be held at Paoli on Saturday, September 27, 1902, at 2 o'clock p.m.

You must judge a political party by what it does, and not merely by what it says or by what part of its members want done without being able to secure it.—Indianapolis Sentinel.

Just so. It is from that basis that the democratic party is weighed by the people and found wanting. The democratic party has always been long on promises but mighty short in performance.

In another column is a communication advocating the centralization of the district schools in Jackson township. This is a question that has been agitated in Indiana more or less for several years. In many places the plan has been tried and generally with quite satisfactory results. It is a very important question and one in which every one has some interest. It is a big question, too, and should be approached with thoughtful deliberation. Educators generally commend the centralized plan.

POLITICAL GOSSIP.

Owen township delegates to the county convention are William Armbruster, J. E. Hargitt, Polk Curry, Riley Charles, Clem Drennen, Elias Easten, James C. Prow, Josephus Goss and Thos. Prather. Delegate to judicial convention, Josephus Goss

RAILKTRD MEETING.

Men From Four Counties Confer About an Electric Line

The movement for the construction of an electric railway from Columbus through Seymour, Brownstown, Salem, Paoli and on to French Lick is beginning to take shape. A meeting was held at Armonyt Hall today and in this meeting were representatives from Bartholomew, Jackson, Washington and Orange counties. An enthusiasm prevailed that would indicate that the men back of this movement mean business and that in due time the road will be built. The proposed line is through a good territory that needs the road, therefore it would surely pay.

The meeting tday was organized by electing John B. Burrell, chairman, W. P. Masters, secretary, and Morton Hall, treasurer. Those present were Wm. Isaacs, C. T. Benton, John B. Burrell and David Clark, of Brownsburg; J. W. Dougherty and Morton Hall, of Bartholomew, Mathew Robertson and John Stratton of Washington, Major J. R. Simpson, of Orange, O. H. Montgomery, G. A. Robertson, W. P. Masters and W. F. Peter, of Seymour, W. H. Shields, of Rockford, and G. A. Ferguson, of Indianapolis.

At the forenoon session a committee consisting of O. H. Montgomery, J. R. Simpson and John Stratton were appointed to draft a resolution setting forth the first plan of action. They reported the following:

BE IT RESOLVED, That the President of this meeting appoints a committee of five to procure means to make a preliminary survey and profile of a proposed line of electric railway to extend from the city of Columbus, in Bartholomew county, by way of Azalia, Reddington, Rockford, Seymour, Brownstown, Campbellsburg, Clayville, Bromer, Paoli and West Baden to French Lick, and that said committee report to the president of the meeting as soon as they have obtained bona fide subscriptions to the amount of \$1000.

The resolution was adopted and the chair appointed the following committee: J. W. Dougherty, W. P. Masters, C. T. Benton, Mathew Robertson and John T. Stont.

This committee was given power to call others to its assistance if found necessary.

W. H. Shields, Mort Hall and G. A. Robertson were appointed to look after the employment of a civil engineer. These committees are to report at a meeting to be held in this city October 15.

Off for Vincennes.

Presiding Elder Baxter and Rev. and Mrs. E. R. Vest left for Vincennes this forenoon. Others who took the train here to go to conference were Rev. M. O. Robbins, of Cortland, Rev. Collier, of Crothersville, Rev. Van Cleave, of Freetown, Rev. Maupin, of Jonesville, Rev. Smith and Mrs. Adams, of Shelbyville, Rev. Smith, of Nineveh, Rev. Pelsor, of Waldron, Rev. PLACEBO PRESCRIPTIONS.

An Old Doctor Tells a Secret of His Profession.

"Never tell a patient that there is nothing the matter with him," said the old doctor, who was revealing the secrets of his profession. "If you do, you make a lifelong enemy and lose your patient, who sends for another doctor. Give him something, if it is only flavored water. If the disease is only imaginary, cure the imagination with a harmless dose, and your patient gets well. In the profession we call such prescriptions 'placebos,' and more wonderful cures are effected by placebos than the world wots of. So, also, when you run across a patient who announces the first thing that he cannot take certain sorts of medicine, don't tell him he must. Agree with him and give him the medicine, if he needs it, in a disguised form."

"There are thousands of people who labor under the conviction that they cannot take quinine and will tell you that they have never taken it in their lives, while at the same time they may be taking large doses of it. The taste of quinine is hard to disguise, but if administered in a pill the patient can be made to take it and never suspect what he has swallowed. The trouble is the patient is apt to recognize a quinine pill by its appearance, to suspect, bite into the pill and thus discover your ruse. To obviate this difficulty druggists now have pills of quinine made in odd shapes and colors. Pink pills, containing nothing but quinine and a little harmless coloring matter, are a favorite form for use in cases where an antquinine crank has to be medicated. In giving a placebo it is not wise to have it taste too well. The patient is apt to suspect if you do. And be sure that you gravely impress upon the patient that only a teaspoonful is to be taken at a time and that at stated intervals. The whole virtue of a placebo exists in the solemnity and importance with which you surround it."—New York Press.

ROCKFORD.

Attendance at Sunday school, 64; collection, 68 cents.

James Newbold, of Indianapolis, spent Sunday with his family here.

Death has again entered our community and taken from us our midst Miss Anna Hartman. She died Wednesday after an illness of 15 days, aged 19 years. She had been working at Indianapolis for almost a year in a laundry. She was a lovely young lady, industrious and intelligent, gaining friends everywhere she went. She was a member of the M. E. church here and was always found in her place in the Sunday school class and church, from which she is greatly missed. She leaves a mother and one sister, Mrs. Lillie Clark, and a host of friends to mourn her death.

CENTRALIZED SCHOOLS.

A Plea Made for Centralization in Jackson Township.

For some time this subject has been under consideration and we wish to call the attention of the public in general to the fact that centralized schools are coming and coming to stay. There certainly is no good reason for objections to this advance in civilization for we, as citizens of Jackson township, take great pride in keeping abreast of the times.

There are five school houses in Jackson township east of the P. C. C. & St. L. railroad. Four of them are in very bad condition and will have to be rebuilt soon. So now is a good time to establish the centralized school system in that part of the township by building a modern four room school house as near the center as possible and then conveying the children to and from school in busses, especially constructed for that purpose.

This would give the country children as good schools as the city children have. It would give each teacher two grades instead of eight, thus giving her four times as much time to each grade as she has under the present system.
